

# The technical bit

## 1. Choose a filter:

Brand	Filter	Benefits
	Compact	<ul style="list-style-type: none"> <li>Filter head only (for use with AquaQuell 33/ Compact - filter not included)</li> </ul>
	AquaQuell 1.5	<ul style="list-style-type: none"> <li>Recognised house-hold brand name associated with water filtration</li> <li>Filters 9,000 7oz cups with a 6oz drink for areas with a water hardness of 180ppm</li> </ul>
	ScaleGard Pro® 165BN	<ul style="list-style-type: none"> <li>Filters 13,000 7oz cups with a 6oz drink for areas with a water hardness of 180ppm</li> <li>Unique sanitary quick-change head automatically turns the water supply off and on for operator safety and simplicity without the need for tools</li> </ul>

## 2. Choose drink configuration

Drinks	Still		Still & Sparkling			
	Option A	Option B	Option C	Option D	Option E	Option F
Still	●●	●	●	●	●	●
Sparkling Water -	-	-	●	●	●	●
Still 500ml Bottle Fill	●●	●	●	●	-	-
Still Flavour 1	-	●	●	-	●	-
Still Flavour 2	-	●	-	-	-	-
Sparkling Flavour 1	-	-	-	●	●	●
Sparkling Flavour 2	-	-	-	-	-	●

N.B 4 buttons per machine. Sparkling options require carbonator upgrade

## 3. Choose flavours (if applicable)

Brand	A tempting range of clear flavoured water
	<ul style="list-style-type: none"> <li>Orange</li> <li>Apple &amp; Raspberry</li> </ul>
	<ul style="list-style-type: none"> <li>Peach &amp; Apple</li> <li>Blackcurrant &amp; Pear</li> <li>Strawberry &amp; Kiwi</li> </ul>

N.B Del Monte syrup pumps not compatible with other brands

## Dimensions, Capacities & Energy Consumption

Height	Width	Depth	Weight
1830 mm	Payment model: 710 mm Free Vend model: 500 mm	750 mm (allow an additional 100mm ventilation space at rear of machine)	105 kg (excluding syrups & carbonator)
<b>Capacities</b>		630 cups (max)	
<b>Electrical services &amp; ratings – Power</b>		<b>Energy Consumption</b>	
Voltage	- 230V	Idle Phase - 56 watt hrs/hr	
Current	- 13 amps	Vending Phase - 180 watt hrs	
Frequency	- 50 Hz	Per Litre - 31 watts/hr/litre	
<b>Water requirements</b>			
Pressure	138 kpa - 828 kpa (1.37 Bar - 8.27 Bar)		
Supply	15mm BSP from rising main		

## Machine Specification

Item	Description	As Standard?
Audit module	USB auditing module (excludes USB stick)	Optional
	Wireless telemetry & USB audit module	Optional
Buttons	Four stainless steel selection buttons	Standard
Carbonator	For sparkling drinks	Optional

The coffee house experience at work...

## Encourage a healthier lifestyle with the high capacity, low-maintenance Azure water dispenser

Shown with optional Platinum branding

- **UV-purified:** Advanced ultraviolet (UV) water sanitisation system ensures water is free from impurities and removes any worries about mains water quality
- **Filtered to perfection:** In-built Brita or 3M filters remove scale deposits, maintain PH neutral and remove unpleasant tastes and odours for a higher drink quality
- **Flash cooling:** Flash cooling technology only chills water when a drink selection is actually made
- **Choose your tableware:** Sensor allows filling of cups, 500ml bottles and jugs
- **High-capacity:** Extra large 630 automatic cup-dropper (with 7oz or 9oz plastic cups): no more unsightly cup holders!
- **Simplicity at its best:** Simple menu-driven programming and robust design mean the Azure is easy to set up and maintain
- **Pay...your way:** Two models available - choose either Pay or Free Vend
- **Forget the abacus:** Measure trends and monitor performance using USB or telemetry technology

Azure Payment Machine shown

If you've noticed the benefits of encouraging healthier lifestyle and want to capitalise on the increasing demand for quality water products, the Azure point-of-use water dispenser from Westomatic is for you. Re-hydrate your staff and customers with an unlimited supply of pure still or sparkling twice-filtered, 'bottled at source' quality water at the touch of a button.

With an optional 500ml bottle-fill facility and eye-catching back-lit graphics featuring household brand names such as Brita, 3M and Del Monte for complete consumer confidence, the Azure is guaranteed to be a popular edition to your chilled beverage service.

And for a refreshing change to still water, why not have any combination of up to two delicious real fruit flavours (in still and/or sparkling) such as:

- **Del Monte Orange**
- **Del Monte Apple & Raspberry**
- **Peach & Apple**
- **Blackcurrant & Pear**
- **Strawberry & Kiwi**

### Perfect for:

**The workplace:** Facilities Managers will appreciate the low maintenance qualities of the Azure which removes the hassle of bulk water deliveries and storage, and avoids the health & safety issues associated with lifting heavy water bottles

**Front of house:** High capacity filters and flash cooling technology ensures a constant supply of chilled water - no matter how high the demand. Ideal for schools, colleges, universities, gyms and leisure centres, etc.

### Also available in Green

- Low-energy, long-life LED lighting with over 50,000 hours mean no-more fluorescent light tubes to replace
- Use of recycled materials wherever possible including 'tear-drop' plastic moulding
- H2O's flash cooling system means power is only consumed when a water selection is made - no more permanent refrigerated tanks or gas compressors consuming electricity 24 hours a day
- All machines delivered in re-useable cases; packaging-free
- UK manufacturing means shorter logistic paths resulting in a reduced carbon footprint
- Extra-large water filters and own-cup, bottle or jug-fill facilities mean less packaging, wastage and ultimately; cost
- No need for bottled water deliveries reducing associated service costs and carbon emissions
